## Overview

I'm an Electrical and Electronics Engineering student at International Islamic University Chittagong (IIUC), passionate about robotics, technology, programming, and innovation. I actively bridge ideas across diverse domains like robotics, hardware-software integration, and coding.

## Experience

### Founder & Team Lead

(December, 2024 - Present) *Team BotFusion*

- Established the team and directed its technical strategy, authoring project proposals for new robotics initiatives.
- Managed all team operations, including member coordination, mentorship, and the procurement of project equipment.

### PR Executive

(Sep, 2024 - Present) *IEEE RAS IIUC Chapter*

- Coordinated with guest speakers, industry professionals, and other student clubs to facilitate collaborations.
- Developed and executed promotional strategies across campus to maximize event attendance and chapter visibility.

## Education

### Bachelor of Science in Electrical & Electronics Engineering

(2024 - Present) *International Islamic University Chittagong*

### Higher Secondary Certificate (HSC)

(2019 - 2021) *OmarGani MES College*

## Skills

- C
- C++
- Java
- Python
- MatLab
- Robotics
- Photography
